Vintage

Hand harvested fruit from Coldstream, and machine harvested fruit from Seville went into this wine. The fruit was loaded directly into the press with no additions for overnight settling, before 'hard' racking the cloudy juice off to tank for wild ferment. The wine was then managed on lees, with some lees stirring, for between 5 and 7 months post fermentation and then prepared for bottling.

Tasting

White gold with a green tinge.

Attractive white florals, nashi pear, apple and a hint of beeswax.

Crisp yet generously textured with crunchy nashi pear, white stonefruits, spice and a cleansing long finish.
